# PRODUCT MARKETING NEWS

## G-GN-OT-2580

**Date:** December 5<sup>th</sup>, 2023

**To:** Internal, Sales, Distribution, and Sales Representatives

**From:** Yateen Sukhtankar, Product Manager

**Subject:** New Air Handler and Heat Kit Models for UL 60335-2-40 Compatibility

In compliance with UL 60335-2-40 regulatory requirements, current air handler models and heat kits identified in the tables below will cease production by **December 31, 2023**. The model numbers for the new UL 60335-2-40 compliant air handler models will remain the same with major revisions changing from AA to BA. The ratings and performance for the new UL 60335 2-40 compliant models will be the same as the current models.

In addition, current air handler heat kit models will be discontinued and replaced with new UL 60335-2-40 compliant heat kit models. The current heat kit models will be available to manufacture and sell past 12/31/2023 and can be installed with current air handler model inventory.

**Note:** UL 60335-2-40 compliant air handlers are only compatible with new UL 60335-2-40 compliant heat kits. Please refer to the air handler specifications sheets for more information on heat kit compatibility.

### Phase In/Out

Refer to model tables below for comparison of current and new air handler and heat kit models and revisions. The new air handler revisions will begin shipping once inventory of current models have been depleted.

Air Handlers Models Cross Reference
