

**New!**

## 7021R

The 7021R walk-behind mower is powered by the innovative Honda GCV 160 engine. A 21" deck that is capable of mulching, side discharge, or bagging gives you the versatility to change the mowing technique based on conditions or desires. AutoWalk self-propelled rear wheel drive system is activated by simply squeezing the trigger on the handlebar.

**HONDA GCV-ENGINE**  
High-spec Honda engine. Powerful and easy starting.

**3-IN-1 CUTTING SYSTEM**  
All homeowner walk mower models come complete with mulching, rear bag, and side discharge capabilities.

**AUTOWALK SELF-PROPELLED DRIVE SYSTEM**  
Our AutoWalk variable drive system allows you to mow at your own personal pace by simply squeezing the trigger on the handlebar.

**SINGLE LEVER HEIGHT ADJUSTER**  
One lever controls the grass cutting height. Quick and easy.

## Features

- Double ball bearings for extended service life
- Adjustable handle for ergonomic operation
- Foldable handle for easy transport and storage
- Mulch capable
