- 42
- 37
- 35

Use your location on the map to correlate with legend for average ground water temperature in the U.S.

For Hawaii and Puerto Rico, use ground water temperature of 75° F.

For Canada and Alaska, use ground water temperature range 35-42° F.

**Average inlet water temperature.**  
These are general temperature zones, actual inlet temperature may be affected by local variations and seasonal changes.

HE SERIES Model V65i/e BTU: 150,000	Ground Water Temperature	Max Flow Rate (GPM)	Simultaneous Shower Use
	35° F	2.9	2 shower heads
	37° F	3.0	2 shower heads
	42° F	3.2	2 shower heads
	47° F	3.4	2 shower heads
	52° F	3.6	3 shower heads
	57° F	3.9	3 shower heads
	62° F	4.2	3 shower heads
	67° F	4.6	3 shower heads
	72° F	5.1	4 shower heads
	77° F	5.7	5 shower heads

**Note:** Simultaneous shower use was rounded to the nearest whole number based on the following data: Tankless set temperature of 120°F, mixed shower temperature of 105°F, ground water temperature as shown in the chart, and shower head flow rate of 2 gpm.

- **Customer has the option of using the following appliances instead of a shower:** Residential grade clothes washing machine, hand sink or dishwasher
- Shower heads will be as above. If custom shower fixtures i.e. body sprays, high flow rate rain heads are used, please contact Rinnai.
